BAD FAITH: Christian Nationalism's Unholy War on Democracy

A DOCUMENTARY FILM

A Timely and Urgent Film Exposing the Threat to American Democracy

DULUTH, MN – The forces tearing apart our democracy have never been more frightening—or more powerful. But who is actually behind them?

BAD FAITH, a groundbreaking documentary, exposes the dangerous rise of Christian Nationalism and its relentless attack on American democracy. This is not just history—it's happening now. Financed through the shadowy **Council for National Policy**, Christian Nationalists have infiltrated the Republican Party, transforming it into a tool for authoritarian control.

Through never-before-seen archival footage and in-depth investigative reporting, **BAD FAITH** uncovers the long-running strategy to manipulate religion, distort political issues into biblical battles, and dismantle democratic institutions. This urgent and eye-opening documentary is essential viewing for anyone concerned about the future of our nation.
